TESTIMONIALS

“ We have been partners with M. J. Kellner and Brett (our sales consultant) for many years. We can count on being taken care of and have our needs met. Brett is always willing to help us. We have attended test kitchens when we are looking for new products or wanting to change up the menu here and there. We enjoy having the benefit of going to customer service (will call) if we need something last minute.

We like the idea of M. J. Kellner being local and employee owned. We are family owned and local, so we value our partnership! Thank you M. J. Kellner! ”

“ Our restaurant group has been with M. J. Kellner since we opened our first restaurant in 2017. Four restaurants later and we are still extremely happy with the relationship we have with the company. One of the biggest assets to this partnership is having Brett as our sales rep. Brett is always available to us. He continually introduces us to new products that may be of interest to our Guests or that may help save us money. Whenever there are issues with product availability we can always count on Brett to communicate with us and to suggest similar substitutions.

Our latest venture is a grab-n-go concept. Brett has been instrumental in guiding us toward delicious, innovative products to offer. He is continually suggesting new products for us to consider. We appreciate that he takes cost and profit into consideration when suggesting products. We are thrilled with our partnership with MJ's and specifically with Brett as our sales rep!
